## 'FAITH IN EACH OTHER' PROJECT

### Faith Communities Declaration On Community Cohesion

We believe faith organisations have an important role to play in bringing communities closer and in developing life-enhancing and stable communities.

As faith representatives in West London we commit ourselves to:

- supporting the values of community cohesion through our organisations and as individuals
- encouraging mutual respect, understanding and tolerance within and between different communities and faiths, whilst maintaining our own faith integrity
- encouraging closer links between all communities and all generations
- extending and developing inter-faith links and networks
- supporting ongoing work on community cohesion in West London
- combating discrimination and stereotyping of faith communities
- encouraging equality of respect and treatment for members of all faiths and none
- stimulating greater awareness and valuing of the contribution of faith communities to the well being of society
- seeking opportunities for practical local co-operation between faith communities
